SAP Autonomous Finance

AI-driven processes to help companies measurably deliver on their key finance objectives

CFOs will have...

- **Reduced manual work** freeing and motivating their valuable talent
- **Better decisions** due to unified and trustworthy data
- **Automatic compliance** thanks to audit-ready data
- **Connection** between predictions, plans, and actual KPI results

SAP Autonomous Finance

Business Data Context — Suite-wide Process Orchestration — Enterprise-Grade Governance

INTERNAL – SAP and Customers Only

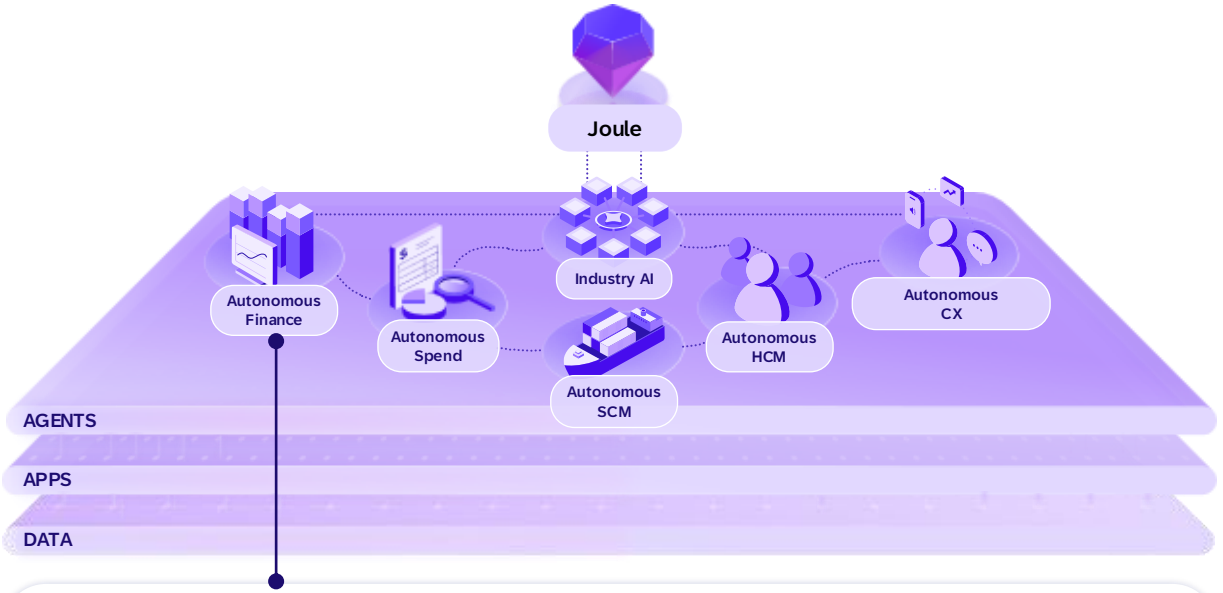

People direct. Assistants coordinate. Agents execute.

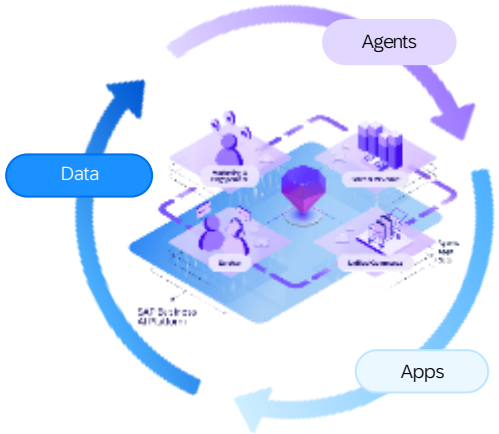

AI-assisted Finance teams will drive value creation and better business decisions.

Autonomous Finance transforms the office of the CFO from retrospective reporting to continuous financial intelligence.

This **autonomous domain** fundamentally repositions the CFO from financial steward to enterprise value architect – enabling their companies to sense, predict, and execute with speed, delivering high efficiency gains and overall greater return on investments.

The result: a business that runs **leaner**, moves **faster,** and **bends** without breaking.

Inside each domain, it all runs as a continuous cycle.
People set the direction.
Applications generate signals.
Data provides context.
Agents take action.
Value compounds.

AS260 - Discover the Financial Closing Assistant

Description

This repository contains the material for the SAP TechEd 2026 session **AS260**.

Overview

In this session, you are going to experience the Financial Closing Assistant and the SAP AI agents which are part of it:

- Journal Entry Agent
- Accounting Accruals Agent
- Accounts Payable and Accounts Receivable Clearing Agent
- Analytical Business Insights Agent

You will be working in an SAP S/4HANA Cloud system and in Joule or Joule Work. Start with the Getting Started guide below for system access details and first steps, then proceed to any of the agent exercises in whichever order interests you most.

Requirements

- Access to the SAP S/4HANA Cloud test system (URL and credentials provided in each exercise)
- A participant number (XX) assigned to you at the session

Exercises

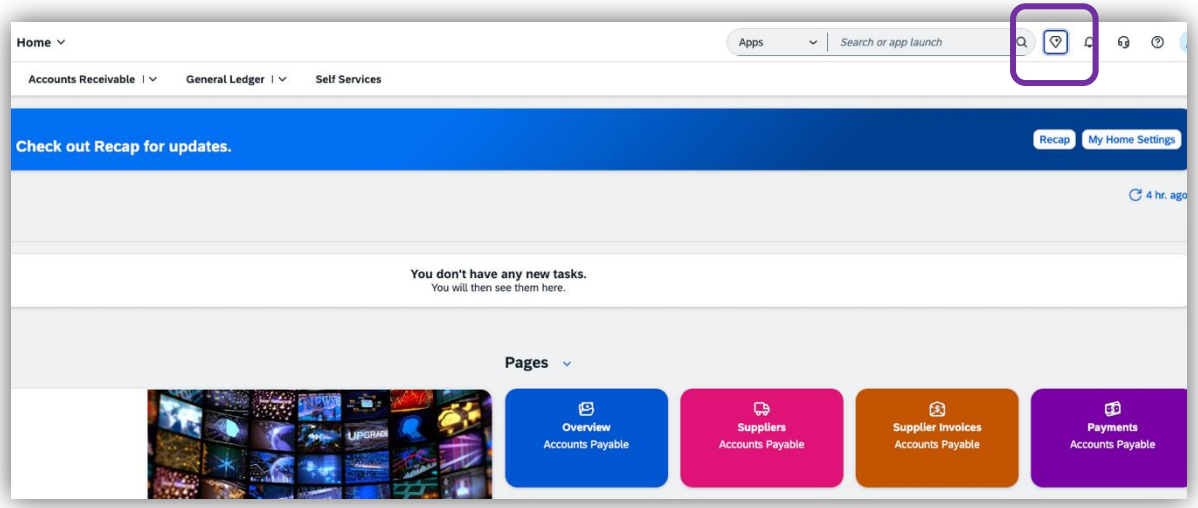

- Getting Started
- Exercise 1 - Journal Entry Agent
- Exercise 2 - Accounting Accruals Agent
- Exercise 3 - AP/AR Clearing Agent
- Exercise 4 - Analytical Business Insights Agent
